

World Leader in High-Quality,
Innovative Displays for
Promotion Showcase & Travel

About Ovadia

Since 1982, we have been integrating marketing and engineering principles to address jewelers' unique problems. Ovadia has redefined how jewelry is presented and transported many times over. Our first product, the Honeycomb Ring System, cut travel space for rings in half; we've earned nearly 30 patents since then. We are always innovating, so be sure to ask about what's new.

We believe that it is not enough for a display to look good; it must also increase sales. Our displays are designed to create emotional connections between buyers and the jewelry. Every angle and curve has been carefully considered to enhance the jewelry's natural beauty. This effectively makes our displays 'smart' marketing tools, your silent salesforce.

How Ovadia Can Help You

CONNECTING WITH CUSTOMERS

We understand the potential for each display to tell a story—both to capture a buyer's focus and to form a memorable impression of your brand. We work with you to use color, shape, signage, and visuals to communicate your unique message.

EXTENSIVE CUSTOMIZATION

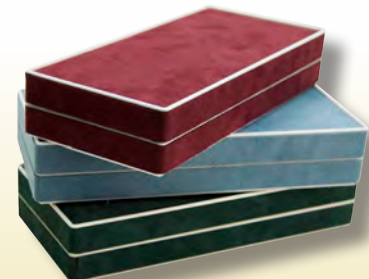

Ovadia products are designed to be customized and branded. We know from experience that selecting your unique color and design is critical for differentiating in this crowded market – and we work hard to help you stand out with elegance and sophistication.

FUNCTIONAL 'SMART' DISPLAYS

Ovadia places special emphasis on functionality. Whether it's fitting more jewelry into a salesperson's suitcase, or providing retail shoppers clear information, our displays make your work easier. In addition, most Ovadia products are lightweight, easy to maintain, and durable enough to last for years.

FAST U.S. MANUFACTURING

Ovadia manufactures primarily in our own state-of-the-art US facility. Our unique technology and production processes allow us to create the highest quality goods that are competitive with overseas pricing. We have among the fastest turnaround times in the industry (usually 2 weeks or less). Buy what you want, when you need it.

Ovadia has an extensive offering of displays optimally designed for different uses

Folders & Pads

by *Oradia* corp

Elegant fabric folders and pads which are compact, lightweight and ideal for travel

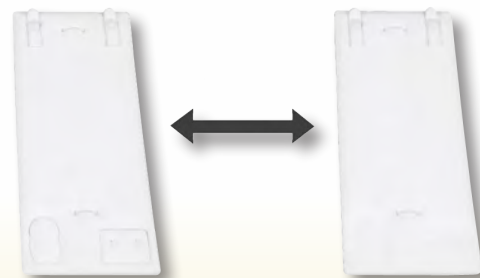

Folders & Pads is the ideal line for the traveling salesperson looking to hold the maximum amount of jewelry in the minimum amount of space.

Our folders can be made in any of our ballistic, leather, or suede materials. Pads can be made in any of our elegant leather or suede materials to provide the perfect backdrop to heighten the presentation of your jewelry.

Custom Silk Screening on Pads

Up to 10 pads with jewelry can be placed inside a deep folder. 4 pads with jewelry can fit inside a regular size folder. This feature provides an easy way to travel with your jewelry while keeping it safer and more secure.

All features of the Folders & Pads line are removable upon request- making any combination of mechanisms an option.
