

INFO™

Oradia corp.

INFO™ is an angled plastic display that is ideal for customer point of purchase.

- washable & durable
- affordable
- interchangeable pads
- customizable
- quick delivery

The header & Infoblocks™ display your custom message. Jewelry can be categorized so each tray tells a story. Infoblocks™ relay information about each individual piece (i.e. price, stone type, carat weight, months, good, better, best, etc.)

Info™ Headers

Headers display your custom message. Jewelry can be categorized so each tray "tells a story." Infoblocks™ relay information about each piece (i.e. price, stone type, carat weight, etc.) Three types are available

- **Mylars**
Available in gold or silver with your personalized silk screened message
- **Labels**
You may print your own clear labels with custom text and place over blank mylars
- **Unique 3D Messages & Infoblocks™**
State of the art technology raises text above the surface accented with black or metallic foils in a variety of colors.

Ovadia can make a generic or custom mold to meet your needs. Customized molds cost \$75. Headers cost \$1 each.

Standard headers are printed in *Nuptial Script* (see examples below)
Additional fonts are available for custom headers
