

The World Leader in
High-Quality, Innovative Displays
for Travel, Promotion & Retail

Who is Ovadia?

Founded in 1982 by Joseph and Susan Ovadia, Ovadia Corp. is a U.S. manufacturer of jewelry displays. By merging new and classic aesthetics, cutting edge engineering and modern marketing principles, Ovadia has innovated dozens of solutions to jewelers' unique problems—redefining how jewelry is presented and stored many times over.

Why Ovadia?

Ovadia is not a typical jewelry display company. We believe presentation should not only look good, but be targeted to increase sales. To do this, Ovadia products not only enhance jewelry's natural beauty and relate key product info, but create emotional links between buyers and jewelry. In this way, our displays serve as marketing tools—or as we like to call them, your silent sales team. Choose Ovadia to take your jewelry business to the next level.

How Ovadia Can Help You

CONNECT WITH CUSTOMERS

We at Ovadia understand the potential for each display to tell a story—both to capture a buyer's focus and to form a memorable impression of your brand. We will work with you to help convey your company's unique message.

CUSTOMIZATION & BRANDING

Choosing the right colors and designs can be key to standing out in the jewelry marketplace. All Ovadia products are designed to be customized and branded. We at Ovadia can help you choose the material, color, shape, signage and other visuals to help define your company's image.

FUNCTIONAL & DURABLE

Ovadia places special emphasis on functionality. Whether it's fitting more jewelry into a suitcase, or providing retail shoppers with clear information, our displays make your work easier. In addition, most Ovadia products are lightweight, stackable, easy to maintain and durable enough to last for years.

FAST U.S. MANUFACTURING

Ovadia manufactures in its own state-of-the-art U.S. facility. Our unique technology and production processes allow us to create the highest quality goods, with pricing that is competitive with overseas. We also have among the fastest turnaround times in the industry (usually 2 weeks or less). Buy what you want, when you need it.
