

Clarity

Ovadia corp.

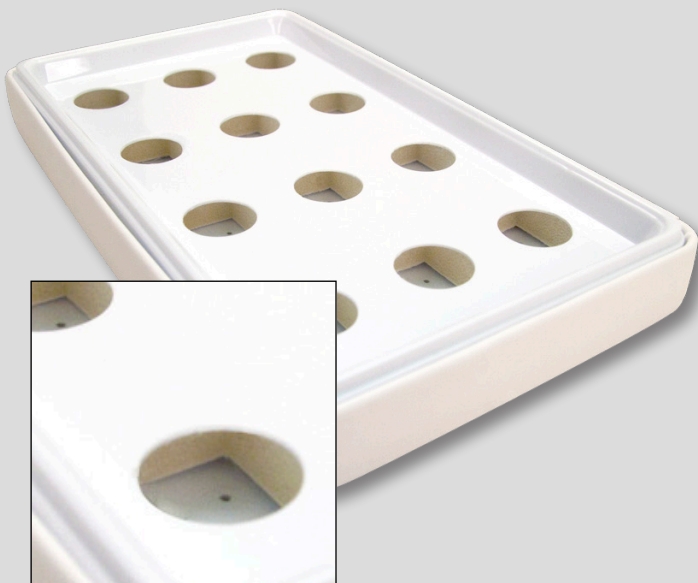

For a clean & clear presentation
of your jewelry.

The Clarity Line from Ovadia provides a clean and clear presentation for your earrings, pendants and bracelets. Clarity displays are designed to accompany our Honeycomb II ring displays, to create a coherent set of displays. Our Clarity displays have a wide variety of frame options for travel or in store presentation.

Variety of sizes!

Clarity trays are designed with rounded edges to give you a clean display that really showcases your jewelry.

Pendant & Earring Versatility

A slide bridge can be placed within the holes of an earring display to create an ideal display for showcasing pendants and charms without a chain.

Extra Storage

A clever characteristic of the Clarity displays is the capacity to store additional stock. Underneath the flaps on the top pad, there is an additional storage area to place your jewelry. This feature helps keep you organized and gives you the ability to ensure your display shows the optimal amount of jewelry.

Available with open or closed back frame.
